FOR IMMEDIATE RELEASE

## Little Wigwam Launches Everlasting Jigsaws For Children!

STAND 5J73

Following on from the successful launch of its placemats at Spring Fair 2010, Little Wigwam is proud to announce the launch of its range of quality educational jigsaws for children.

The eco-friendly jigsaws are made in the EU using 100% recycled board, and are available in a range of four brightly coloured designs to help little ones learn whilst they are having fun!

Designed by teachers to tie in with the National Curriculum, the jigsaws come with a unique Lifetime Guarantee to warm the hearts of many a frustrated puzzler – free replacements for any missing pieces! Although the beautiful jigsaws are fully recyclable there is no need to throw away a puzzle simply because a piece has been lost, Little Wigwam will happily post a replacement piece for any Everlasting Jigsaw before you have time to pull your hair out!

The Everlasting Jigsaws come in 4 designs:

-  Numbers – 30 pieces
-  Alphabet – 60 pieces
-  World Map – 100 pieces
-  Flags & Capitals – 160 pieces

You can find Little Wigwam at Stand 5J73 where their range of reusable and disposable placemats is also on display.

Don't forget to pick up your free Little Wigwam ruler from the stand!
